JOHN CARR

A work which will be looked for with interest by Canadians, is about to be published in New York. It is a history of Ireland by the Hon. T. D. McMe.

Mr. G. Grey's bill to empower the local Courts of Quarter Sessions in England to appoint Roman Catholic chaplains in prisons on salary, passed a second reading by a vote of 122 to 122.

The general report respecting the wheat crop in the Western States is, that the prospects were never better than they are at present, for an abundant and good crop.

The local residence of George S. Bull, Esq., in the village of Bloomfield, was totally destroyed by fire on the 24th inst. The house was a fine one, and about three weeks after produced two more lambs in a case very rare occurrence.

DEATH OF NATURE.—Mr. Wm. Strathell, of Glenora, Ontario, farmer, owned a cow which this Spring had a lamb, and about three weeks after produced two more lambs in a case very rare occurrence.

LOUISIANA.—The *Lindsey* (C.W.) *Advocate* mentions the death of a man who had reached the great age of 103 years and 6 months, and stated that a brother of the deceased died last year who was 110 years of age. Another brother died a few years ago in her 108th year.

A J. A. Pule, an attorney of superior abilities, recently died at Niagara-on-the-Lake, after a long illness. He was formerly resident in Ontario, where he had a large and lucrative practice. He came to Canada about 6 years ago, and giving way to the curse of intemperance, neglected his life of exertion from

DISSENT IN AUSTRALIA.—Accounts from Sydney, Australia, represent that a fearful drought has prevailed in Australia. In some localities there had been no rain for four months, and the cattle had died by thousands. The farmers lost from five to ten thousand sheep and lambs; another fifteen thousand and all who owned stock of any kind suffered in like manner. No one in the country remembers such a season before. Wool could not be brought into Sydney, as all the inland towns died for the want of water and pasture. In some parts of the country there is not a single sheep or bullock, and the bodies and bleached bones of sheep and bullocks.

THE SANDWICH MURDER.—The *Glasgow Herald* and *Glasgow Examiner* contain an account of an attorney who had been a confederate of the late King, who had only recently been brought in the House of Commons by Mr. Stirling's motion to be discussed.

THE GRANT MOTION OF PRINCE EDWARD ISLAND, having obtained from the Legislature an act of incorporation, the House of Commons has resolved to ask her Majesty to veto the Bill.

DON'T SAY THEY RAN.—A few weeks ago, at Port Gibson, the advance of General Grant's army found a forest by the roadside two immense piles of bonfire, each covering an area of 4000 square feet, and as big as the branches of the forest trees, and each containing by estimate, 40,000 pounds. The country, coming upon an easy valley at Thompson's Hill, had loaded his train with these supplies, and his retreat was so hurried that he had not time to remove or destroy them. Of course these, as well as an abundance of tents, fell into our possession.
